### **Cookie Placement**

Certain Mid-Michigan Diagnostics websites, like many other commercial sites, may use a standard technology called "cookies" to collect information about how our site is used. Cookies were designed to help a website operator determine that a particular user had visited the site previously and thus save and remember any preferences that may have been set. We may use cookies to keep track of information about your current web browsing session which will be discarded as soon as you log out or close your web browser. This information also allows us to statistically monitor how many people are using our site and for what purpose. We may also make use of "persistent or memory based" cookies, which remain on your computer's hard drive until you delete them. Although you have the ability to modify your browser to either accept all cookies, notify you when a cookie is sent, or reject all cookies, it may not be possible to utilize our services if you reject cookies.

### **How We Protect Information Online**

We exercise great care to protect your personal information. This includes, among other things, using industry standard techniques such as firewalls, encryption, and intrusion detection. As a result, while we strive to protect your personal information, we cannot ensure or warrant the security of any information you transmit to us or receive from us. This is especially true for information you transmit to us via email since we have no way of protecting that information until it reaches us since email does not have the security features that are built into our websites.

In addition, we limit Mid-Michigan Diagnostics' employees and contractors' access to personal information. Only those employees and contractors with a business reason to know have access to this information. We educate our employees about the importance of maintaining confidentiality of customer information.

We review our security arrangements from time to time as we deem appropriate.

#### **How can you help protect your information?**

If you are using a Mid-Michigan Diagnostics website for which you registered and choose a password, we recommend that you do not divulge your password to anyone. We will never ask you for your password in an unsolicited phone call or in an unsolicited email. Also remember to sign out of the Mid-Michigan Diagnostics website and close your browser window when you have finished your work. This is to ensure that others cannot access your personal information and correspondence if others have access to your computer.
